Parent-Teachers Hear Talk About Americanization

Dr. Maude Collaran Speaks to Women Here Tuesday

Dr. Maude Collaran, chairman of the Americanization committee and for years a prominent worker in the Parent-Teacher Association, spoke before the Torrance Parent-Teacher Association Tuesday afternoon. Her subject was "Citizens in the Making."

After witnessing the program put on by the children, Dr. Collaran said that in the schools we were trying to make fit citizens of our children for this world and the world to come.

The Americanization department of the Parent-Teacher Association was formerly the patriotic department, but the feeling that Americanization has a deeper meaning than patriotism caused the name to be changed.

times we feel that our pledge of allegiance to the flag is all that is needed to show our patriotism. This year this department is trying to place a broader conception of citizenship before the associations. It is trying to impress on the children the privilege of living under this flag. Our children are safe if our laws are upheld. The only reason we have laws is because we must have a standard by which to live. As long as we obey a law we are protected and protect others. Any one who tells you that a law is not right has not learned the true meaning of law. It is much easier to criticize than to carry out a law. Ignorance of the law is no excuse for anyone."

Dr. Collaran said that she was glad that women have the right to say what laws should be made and how. She added: "Men make fun of women for not accomplishing as much in the few years they have had the franchise as the men have in the 200 or 300 years they have had it."

The credit side of the report card given out at the schools was used by Dr. Collaran as an illustration of what made a good citizen. All the things on that side—attendance, thrift, cleanliness, effort, depend-

ance and so forth—make for good citizenship. The pupils of Mrs. Van Vorhis' room gave an illustration of how honesty and fairness was taught through games, the children playing with a ball.

Mrs. Haskin gave a demonstration of a music lesson as it is given in the schoolroom. These are regular lessons, and not something gotten up just to show the children off.

Miss Peck, in charge of the speech correction class, gave a demonstration of how a class of helpers are taught by games and mouth exercises to correct this defect. She also gave a short account of the work, which was organized in 1921. There are now twelve centers with 1658 children enrolled. In mild cases four to six children form a group, but severe cases are given individual attention.

Two groups of children—Garden Canaries, dressed as daffodils, in yellow, and Garden Flowers, daffodilly, violet, daisy, rosebud and Easter lily, dressed to represent these flowers—gave recitations and sang, each group appearing separately. These children had been drilled by Mrs. Rufus Page. Mrs. Will Tolson was the accompanist. At the close of the meeting Japanese tea and rice cakes were served in Japanese tea bowls by a group of Japanese maids in their native costume.

The election of officers will take place at the May meeting. At this time a ballot will be taken regarding the changing of the name from Torrance P. T. A. to Torrance Elementary Parent-Teacher Association.

Mrs. Ruth George's room won the attendance prize for downstairs, and Mrs. Mabel Ella Sweet's room won for upstairs.
